Simply SUPERB

Stampin' Up!'s high-quality stamp sets include a variety of images that work together. Two-Step Stampin'® sets such as Cute Fruit allow you to layer images in multiple colours.

Photopolymer stamps stay adhered to the blocks and are easy to clean. Place stamps on both sides of the clear block for quick stamping.

These projects use the simple stamping off technique, where you create variations in colour by stamping multiple times without reinking the stamp. See videos about this technique and more at [youtube.com/stampinup](https://www.youtube.com/stampinup).

Crafting is a perfect excuse to bring your mates together. Gather with your friends and have fun creating. Your demonstrator can provide ideas and assistance.

Use the brush end of a marker to colour the stamp. Once you're done colouring, breathe on the stamp to remoisten the ink and stamp the image.

Add fun coordination by drawing lines on your envelope with the marker. See videos about using markers and more at [youtube.com/stampinup](https://www.youtube.com/stampinup).
